

IN THE SPECIFICATION:

The specification as amended below with replacement paragraphs shows added text with underlining and deleted text with ~~strikethrough~~.

Please REPLACE paragraph [0095] on page 26 (which was previously replaced with amended paragraph [0095] on pages 3 and 4 of the Amendment After Final Rejection of May 13, 2008) with the following amended paragraph:

[0095] It is understood that a system which uses the present invention also includes permanent or removable storage, such as magnetic and optical discs, RAM, ROM, etc., on which the process and data structures of the present invention can be stored and distributed for execution by a computer, which is an example of an electronic component. The process and data structures of the present invention can also be distributed via, for example, downloading over a network such as the Internet, or transmitted via a carrier wave.
